| Colchester North | Overnight Only | Colchester Castle | Colchester Castle, Castle Park, Colchester | CO1 1TJ (S | 100 | | 01206 282939 | We can accommodate approximately 100 children sleeping which has helped to keep the costs down per person. For these numbers, the cost works out to be £15 per child with 100 or more places taken. We do not have a minimum number though so can work entirely around whatever size group you would like to bring. Access to the Castle for the children from 6.30pm. Obviously, leaders can arrive earlier to organise themselves if needed. Everyone would then need to be out of the Castle by 9am the following morning to allow the Castle staff to clean before opening. During the evening, the activities and refreshments are usually organised and run by the group leaders. Depending on how imaginative your leaders are and how you would like the evening to unfold, the list of entertainment could be endless. There are school activity sheets on our website that can be downloaded. With smaller groups we are also able to offer activities and or guided tours of the Roman vaults for an additional charge. Timings can be completely up to yourselves but with previous groups we have found they served drinks and snacks at approx.10pm with the view of teeth brushed and lights out by 11.00pm. They then woke at 7am and severed a breakfast of pastries, fruit, and cereal bars between 7.30am and 8.30am. |

| Maldon | | Essex Outdoors - Bradwell | Waterside Road, Bradwell Waterside, Southminster | CM0 7QY | | | 0345 200 4220 | Bradwell - Essex Outdoors The centre is a council run (loosely) venue, so they have lots of safety/fire/safeguarding/security measures in place. It is a lovely small centre well maintained providing a good level of indoor accommodation in a three-storey building. For indoor residentials it is catering only so there is no option to self-cater. For camping - they do set up their own tented village during the summer months. The centre is predominantly used during the week for school groups which are the main bulk of their bookings. Weekends are quieter and they do their best to cater to any request. It is a very remote location (but very beautiful) |
